## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Located in Corte Madera, California in scenic Marin County, just north of San Francisco's Golden Gate Bridge, Neil Cummins Elementary School is known for its excellence in education. Neil Cummins is a public elementary school serving kindergarten through fifth grade in the Larkspur-Corte Madera School District.

### School Vision Statement

We believe all children are capable of learning, and it is our responsibility to provide a rich, positive, safe and engaging learning environment that fosters their desire to learn and meets the challenges of a changing world.

### School Mission Statement

Together our staff, parents, students and community are dedicated to the ongoing education of all young people in the Neil Cummins Elementary School. We work collaboratively to teach, mentor, motivate, challenge, and inspire our students. Our goal is for our students to become independent, critical thinkers who respond ethically to the challenges facing the world. We accomplish our mission through a well-rounded curriculum including rigorous academic instruction. We differentiate the curriculum to meet divergent learning styles in a variety of ways including implementing experiential, thematic and project-based learning wherever appropriate. Our focus is on educating the whole child, addressing cognitive, emotional, social, and physical growth. Best practices are enhanced by frequent assessment, regular opportunities for reflection, and innovative, ongoing professional development for our highly-qualified, inspirational staff.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.90	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.90	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

### Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

### Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	25	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	84	79	79	79	47	46
<b>Mathematics</b> (grades 3-8 and 11)	78	73	71	73	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Neil Cummins Elementary School provides for the involvement of parents and community through a variety of means. The family-school connection is intentionally developed by a wide array of parent involvement/partnership activities such as parent-teacher conferences, School Site Council, PTO, Principal Parent Chats, Superintendent Coffee Chats, New Family Welcome event, PTO Socials Kindergarten Social and parent education events. Critical information is communicated to parents in a variety of ways, such as school and district electronic newsletters via ParentSquare (print versions available as necessary), website postings, email, text messages and telephone (voicemail). Parents have the ability to communicate with teachers and administrators via phone, email or ParentSquare. The School Site Council (consisting of parents, administration, and staff members) conducts a parent survey annually to determine perceived areas of strength and need. The findings are used to help administration and staff prioritize goals and programs for the upcoming year. The PTO and SPARK (Larkspur-Corte Madera Schools Foundation) provide strong venues for parent participation and support of the schools. There are faculty representatives for both groups to facilitate communication. Both the PTO and SPARK are staffed by parents who are passionate about improving the quality of our students' education, supporting teachers and administrators, keeping families connected to school events, beautifying the campus, and much more.

## 2023-24 School Safety Plan

Safety of students and staff is a primary concern of Neil Cummins Elementary. The school is in compliance with all laws, rules, and regulations pertaining to safety standards. It has a Comprehensive School Safety Plan that includes strategies and programs to address a) child abuse reporting procedures; b) disaster procedures; c) policies regarding actions leading to suspension and/or expulsion; d) procedures to notify teachers of dangerous pupils; e) sexual and gender-based harassment policies; f) district-wide dress code; g) procedures for safe ingress and egress of pupils; h) rules and procedures on school discipline; i) bullying and harassment policies; j) suicide prevention measures; k) school counseling; and l) School Resource Officer. The safety plan is reviewed in September and updated annually using staff and stakeholder input.

In conjunction with the district's Comprehensive School Safety Plan, the school conducts monthly emergency/disaster drills. A full-scale, school-wide emergency drill involving students, staff, and volunteers as well as Central Marin Fire Department and/or Central Marin Police Authority advisors takes place annually. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Our district procured a 3-year (January 2022- December 2024) safety grant and designated a part time administrative position to oversee this grant. As such, we have conducted several additional trainings including wildfire safety, trauma-informed practices, lockdown/evacuation procedures, Share 911, etc. We have also ensured that our safety supplies are current and sufficient.

Day-to-day security of the campus is closely monitored by school personnel, a visitor check-in badge system, and campus security cameras. The safety and cleanliness of buildings and grounds are closely monitored by district maintenance and operations personnel. Students have access to a school counselor as well as their teachers with regard to matters of personal safety on campus. Students develop social and emotional skills through direct instruction from teachers and school counselors. In addition to these safety practices we have assembled a school safety task force composed of administrators certificated staff, classified staff, parents. This task force focuses on physical and facility safety along with social emotional wellness of students and staff. Our task force engages in monthly meetings and partnered with our Keenan insurance provider to conduct an overall safety analysis of each campus.

## Professional Development

Professional development for the 2023-2024 school year has been focused on instructional practices in Word Study and mathematics. The district Teachers on Special Assignment (TOSA) for literacy and math support classroom teachers through a variety of professional development activities, including staff development day trainings, learning labs, and practitioner days. In addition, the TOSAs provide coaching to teachers individually and in teams. These supports help teachers incorporate strategies for effective delivery of Cognitively Guided Instruction in math (CGI) and Word Study curriculum. Additionally, the TOSA works with teachers to implement specific strategies and routines for students who require additional support.

In addition to these professional development activities, the district has provided extensive professional development in safety

Professional Development

practices, emergency response procedures, and student behavioral interventions and support. Along with after school trainings, all staff will participate in two additional professional development days focused on safety practices. These trainings are funded by a safety grant.

District and site administrative leaders continue to participate in Collaborative Inquiry Visits to each site to support site leaders in furthering their school's continuous improvement with feedback from school-wide observations. Principals work with teachers to identify professional growth goals and avenues for support, including coaching, conferences and workshops. Administrators provide professional growth opportunities during faculty meetings that occur twice a month.

This table displays the number of school days dedicated to staff development and continuous improvement.
